**Williston Basin Interstate Pipeline
Company; Notice of Proposed
Changes in FERC Gas Tariffs**

December 3, 1999.

Take notice that on December 1, 1999, Williston Basin Interstate Pipeline Company (Williston Basin), tendered for filing revised tariff sheets to its FERC Gas Tariff, Second Revised Volume No. 1 and Original Volume No. 2 to become effective January 1, 2000.

Williston Basin states that the base tariff rates reflected on the proposed tariff sheets listed on Appendix A to the filing, are based on a cost of service for the twelve months ended July 31, 1999, as adjusted for changes which are known and measurable with reasonable accuracy during a nine month adjustment period ending April 30, 2000. Williston Basin further states that the proposed base tariff rates, when compared with the rates filed on November 12, 1999, in Docket Nos. Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with section 385.214 or 385.211 of the Commission's Rules and Regulations. Availability of Final Environmental
Assessment**

December 3, 1999.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, 18 CFR part 380 (Order No. 486, 52 FR 47910), the Office of Hydropower Licensing has prepared a final environmental assessment (FEA) for a proposal to grant an easement to Sailview Properties, LLC to construct and use commercial/residential piers and a community marina with a total of 186 boat slips. The proposed action would be located at the existing Sailview Subdivision in Catawba Springs Township along the western shoreline of Lake Norman near the intersection of NC State Road 1377 and NC State Road 1376 in Lincoln County, North Carolina.

The FEA is attached to a Commission order issued on November 30, 1999 for the above application. Copies of the FEA can be obtained by calling the Commission's Public Reference Room at (202) 208-1371. This filing may be viewed on <http://www.ferc.fed.us/online/rims.htm> (call (202) 208-2222 for assistance). In the FEA, staff concludes that approval of the licensee's proposal would not constitute a major Federal action significantly affecting the quality of the human environment.
